## ADDRESS CORRECTIONS

We are receiving more and more returned *Pathfinders* from Honorary Members and others who do not notify us of their change of address.

These are Postage Due returns and the new rate is now 60 cents each.

Honorary members receive the *Pathfinder* free and should advise us of an address change or if no longer interested in receiving the *Pathfinder* notify us so that we can remove your name from the mailing list.

Also, It is very important that the Editor be notified when a member passes away. We ask that the spouse or family member notify us when a member is deceased so that we may honor him in our "Fly By" column. If we are not told there is no way of our knowing about this. Failure to notify us also creates other bookkeeping problems and duplicate work updating our records.

A few of our members send us the 20 cent post card with their address change and we appreciate this and thank them.

Please help us to keep our mailing lists up-to-date.

Thank you for your cooperation in this matter.
